Today's Agenda

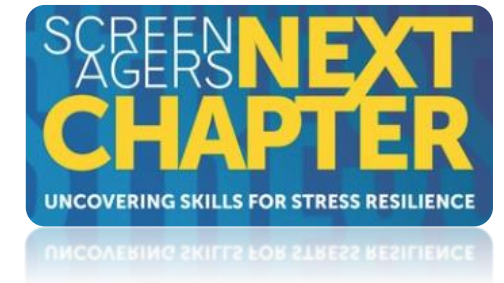

Monroe Community Coalition is a grassroots volunteer organization dedicated to improving the health and wellness of our community by reducing risk factors – and enhancing protective buffers – linked to substance abuse and mental health.

We are a grant-funded community collaboration working to implement drug prevention and mental health promotion with a community-based approach.

Coalition Supported Programs

Spotlight: Parenting Wisely

Parenting Wisely is a highly interactive, online evidence-based parenting program.

Participants learn new skills by viewing a variety of common and challenging home scenarios, discussing options, and practicing new strategies. Scientists have shown that this program:

- Reduces youth substances abuse
- Reduces school and homework problems
- Reduces juvenile delinquency
- Reduces family conflict and child abuse
- Increases participation in future parenting programs

Household scenarios like being interrupted on the telephone, challenging bedtimes, getting ready for school, sibling and classmate conflict, and more teach these skills:

- Active Listening
- Assertive Discipline
- Family Meetings
- Behavior Contracting
- I-Statements
- Setting Boundaries
